  - Developed a full-stack blog application using the MERN stack (MongoDB, Express, React, Node.js).
  - The application features user authentication and authorization, CRUD operations for blog posts, Responsive design.

Experience

Internship

Web Developer Intern   **October'24 – January'25**

GAOTEK INC., New York, USA (Remote)

As a Web Developer Intern at GAO Tek Inc., I honed my skills in both front-end and back-end development, with a focus on enhancing user experience and optimizing web functionality. Key contributions include:

- **Custom Development:** Designed and developed custom WooCommerce pages and contact forms using AJAX, enabling seamless, no-reload form submissions.
- **UI/UX Enhancement:** Implemented hide rating functionality for customer reviews, boosting site interactivity and visual appeal.
- **Digital Marketing Support:** Assisted in content creation and social media promotion, enhancing the company's online presence to increase traffic and engagement.
- **Collaborative Work:** Worked remotely with a cross-functional team using MS Teams, Skype, and Git for version control and project collaboration.
- **Industry Insights:** Gained hands-on experience with industry best practices and real-world project workflows.

Education

- **Bachelor of Technology (Computer Science)**   **Year: 2021-2025**
  Babu Banarasi Das University, Lucknow
- **Intermediate**   **Year: 2019-2020**
  Green View Public School, CBSE Board, Bhadohi
- **High School**   **Year: 2017-2018**
  Green View Public School, CBSE Board, Bhadohi

Achievements

- o **Science Exhibition Award**
  - 1st position with a trophy for excellence in project presentation and innovation at the Zonal level
- o **Medallist**
  - Kho-Kho, Carrom, and Cricket (Zonal Level)
- o **Recognized for Innovation Development and Technology Readiness**
